MPMA'S SOUTHERN DIVISION NAMES NEW LEADERSHIP

The MPMA Southern Division held their meeting in May while also announcing Dr. Angela Robin as the new President, and Dr. Mark Hosking as the new Representative to the MPMA Board.

"I'm honored and am excited to serve our MPMA division members and look forward to continuing the momentum from the Division's past leadership," said Dr. Robin.

Dr. Robin talks about her vision in helping to advance the podiatric profession.

"I'm working to unite other practitioners in Michigan to act collectively to make changes to the health care system to benefit not only physicians, but more importantly, the quality of life of patients. Affecting change to educate patients and communities on the importance of controlling obesity and subsequently diabetes could have far-reaching positive outcomes. I plan to organize and support podiatrists in our state as well as to learn from other physicians about their practices and procedures that have proven beneficial. I encourage sharing our profession's setbacks and successes as well as the solutions implemented."

Dr. Zeeshan Husain, MPMA President, attended the Division meeting.

"We're grateful to Dr. Clark Johnson and Dr. William Wentworth for their association work for so many years," said Dr. Husain. "We're here to support the Division's agenda, a Southern Michigan hub for the association."
